Undergraduate Catalog Program Template for Transfer Single Articulation Pathways (TSAP) Programs

Program: Elementary Education

Degree: B.S. Ed.

I. Introduction

a. [School of Education](#)

b. Student Learning Outcomes

Upon completion of a major in Elementary Education students will:

- Become more caring, humane and functional citizens in a global, multicultural, democratic society
- Improve the human condition by creating positive learning environments
- Become change agents by demonstrating reflective professional practice
- Solve client problems through clear, creative analyses
- Assess client performance, creating and executing effective teaching, counseling, and educational leadership by utilizing a variety of methodologies reflecting current related research
- Utilize interdisciplinary scholarship, demonstrating technology and critical literacies, and effectively communicating with all stakeholders.

c. Accreditation:

The Elementary Education program is accredited by the National Council for Accreditation of Teacher Education (currently seeking reaccreditation via the Council for the Accreditation of Educator Preparation [CAEP]) and nationally recognized as a high-quality program through the Association for Childhood Education International (ACEI). Because of these statuses, students who meet specified requirements are eligible for the elementary education teaching license in the state of Indiana. Indiana holds reciprocal licensing agreements with other states. TSAP information – link to TSAP tab
